“We are in an incredibly male-dominated industry, so to have two women own a commercial surveying company is extremely rare. We are so proud of how far we’ve come and what we still have yet to accomplish.”

Rebecca Wheeler

“We are so grateful to celebrate five years of our company. Supporting our customers along with our own personal development and growth, has been key to our success.”

“We love the variety of our clients, and we’d love to be known as the number one commercial surveying firm for customer service in Hampshire and Isle of Wight.”
